COG-8-BUL-FW 4K HDCVI IR BULLET

- Max. 4K resolution, real-time video transmission
- · CVI/CVBS/AHD/TVI switchable
- 2.8mm fixed lens
- · Max. IR length 40m, Smart IR
- IP67, 12V±30%DC

System Overview

Experience 4K video surveillance with the simplicity of reusing existing coaxial infrastructure. The 4K HDCVI camera adopts a powerful ISP and advanced 1/2.7" CMOS sensor, which provides superior high quality images. In addition, the camera features broadcast quality audio to provide enhanced supplementary evidence collection. Ultra-high definition and a complete set of features makes the 4K HDCVI camera an ideal choice for mid to large-size businesses and projects where both highly reliable surveillance and construction flexibility are demanded.

Functions

4 Signals over 1 Coaxial Cable

HDCVI technology supports 4 signals to be transmitted over 1 coaxial cable simultaneously, i.e. video, audio*, data and power. Dual-way data transmission allows the HDCVI camera to interact with the HCVR, such as sending control signal or triggering alarm. Moreover, HDCVI technology supports PoC for construction flexibility.

* Audio input is available for some models of HDCVI cameras.

Long Distance Transmission

HDCVI technology guarantees real-time transmission at long distance without any loss. It supports up to 700m transmission for 4K and 4MP HD video via coaxial cable, and up to 300m via UTP cable.

Simplicity

HDCVI technology inherits the born feature of simplicity from traditional analog surveillance system, making itself a best choice for investment protection. HDCVI system can seamlessly upgrade the traditional analog system without replacing existing coaxial cabling. The plug and play approach enables full HD video surveillance without the hassle of configuring a network.

Multiple-formats

The camera supports multiple video formats including HDCVI, CVBS, and other two common HD analog formats in the market. This feature

makes the camera compatible with not only XVRs, but also most existing HD/SD DVRs. *

*Use OSD menu to switch HDCVI to other video formats. Use PFM820 UTC Controller to switch CVBS to HDCVI video format.

Protection

The camera's outstanding reliability is unsurpassed due to its rugged design. The camera is protected against water and dust with IP67 ranking, making it suitable for indoor or outdoor environments. Supporting ±30% input voltage tolerance, this camera suits even the most unstable power supply conditions. Its 4KV lightning rating provides protectionagainst the camera and its structure from the effects of lightning.

Smart IR

The camera is designed with microcrystalline LED IR illumination for best lowlight performance. Smart IR is a technology to ensure brightness uniformity in B/W image under low illumination. The unique Smart IR adjusts to the intensity of camera's infrared LEDs to compensate for the distance of an object, and prevents IR LEDs from overexposing images as the object come closer to the camera.

4K Real-time Image Display

Used together with 4K Real-time XVR, the camera can output 4K real-time video stream with clear details and no lag or smear.

COG-8-BUL-FW

Technical Specification								
Camera								
Image Sensor		1/2.7 inch CN	1/2.7 inch CMOS					
Effective Pixels		3840 (H)× 21	3840 (H)× 2160 (V), 4K					
Scanning Syste	m	Progressive	Progressive					
Electronic Shutter Speed			PAL: 1/25s-1/100000s NTSC: 1/30s-1/100000s					
S/N Ratio		>65dB	>65dB					
Minimum Illumination		0.03Lux/F2.0	0.03Lux/F2.0, 30IRE, 0Lux IR on					
Fill Light Working Distance		40m (131.2.5	40m (131.2.5ft)					
IR On/Off Control		Auto; manua	Auto; manual					
IR LED Number		1	1					
Pan/Tilt/Rotation Range		Tilt: 0°-90°	Pan: 0°–360° Tilt: 0°–90° Rotation: 0°–360°					
Lens								
Lens Type		Fixed-focal	Fixed-focal					
Mount Type		M12	M12					
Focal Length		2.8mm	2.8mm					
Max. Aperture Angle of View		F2.0	F2.0
